Chest Drive Begins On October 6th

"Handsome Hank" Sundermann Invites One And All To Policemen's Ball!

En route to the policemen's ball, to be held Saturday, October 4, are Officer Henry Sundermann, of Daly City Police force, and Miss Sharon O'Terry of the Charm and Modeling Shoppe, San Mateo.

The 19th Annual ball will be held at Bay Meadows' clubhouse. There will be modern dancing to Steve Sacco's orchestra and old-fashioned dancing to Walter Love's orchestra.

This ball is given annually for the benefit of the Widows' and Orphans' fund of the Peninsula Peace Officers Association.

All members of the Daly City Police force belong to this association.

MAYOR BATTYE IN PROCLAMATION ASKS CITIZENS AID PROGRAM

More than 2,000 volunteer San Mateo County Community Chest workers will start ringing doorbells Monday morning in an effort to raise $201,000, the largest budget in the local organization's history.

In cooperation with the officials and leaders of the campaign, Mayor Melford D. Battye issued the following proclamation this week:

WHEREAS, it is the duty of every citizen of the City of Daly City to do his share when on the sixth of October the San Mateo County Community Chest approach the citizenry through its volunteer workers for contributions in appeals.

WHEREAS, the Community Chest provide those local welfare, youth and recreational services, more necessary than ever in this postwar period, to rebuild and strengthen the security, health and happiness of our own communities.

WHEREAS, this campaign deserves the full support and cooperation of every citizen of Daly City.

NOW, THEREFORE, I, Mayor of Daly City, do hereby proclaim the week beginning October 6, 1947, as "Community Chest Week," during which time I call upon every citizen of our community to put forth every effort toward the attainment of the quota which is our share in this great local drive.

Signed MELFORD D. BATTYE
Mayor of Daly City

O.L.P.H. Carnival Proceeds Double Those Of Last Year

Father William C. Stewart, in a letter to the Daly City Record, states that proceeds from the O.L.P.H. carnival were really "over the top," so to speak, as they doubled last year's. His letter follows:

The Daly City Record
Daly City, Calif.

Gentlemen:

This is to thank you for your co-operation in publicizing the Carnival given by Our Lady of Perpetual Help Church on September 26, 27 and 28.

It may interest you to know the proceeds for this affair were double that of last year. All of these funds are being applied to the new school building expenses.

The success of the Carnival was made possible only through the splendid help of all the workers and parishioners and the generous patronage of the people of Daly City and neighboring cities.

May I assure you of my appreciation of your efforts and courtesy.

Yours truly,
Father William C. Stewart

DALY CITY BAND TO APPEAR IN S. F. PARADE

George E. Brenner, director, has announced that the Daly City Band will participate in the Columbus Day parade Sunday, October 12, in San Francisco. It is expected that this year's parade will be the largest ever staged.

He also stated that drum corps, floats, and many other bands will take part in the day's festivities.

DANCE SLATED SATURDAY EVE.

This is the last call to remind the public of a dance to be held Saturday evening, October 4, at Colombo hall. The affair is sponsored by the Italian-American Citizens club of Daly City and Colma and will begin at 8 p. m. Music will be by Dino Binetti's orchestra.

Admission will be fifty cents per person.

Colma Boys Help Dedicate Ray Park Baseball Field

Present at the dedication ceremonies of Burlingame's new baseball diamond at Ray Park on Sunday afternoon, September 28, were the Colma Boys Junior Baseball team and their sponsor, Joe Sarto.

Ceremonies were conducted by the Burlingame Post No. 163, American Legion, with Vice Commander R. J. Anderson jr. as master of ceremonies.

Speaker for the occasion was Walter Mails, former major league pitcher.

The Colma Boys team donated an autographed ball to Mayor U. S. Simonds jr., of Burlingame, who threw it to City Recreation Commissioner Robert A. Higgins, whose prolonged fight over the past six years led to the final completion of the North Burlingame recreation center.

The first boy to pitch a ball in the new park was Bob Lynch of the Colma Boys team. They crossed bats with the American Legion's Junior baseball team and beat them by a score of 11 to 1.

BONDS CARRY 10-1 AT SPECIAL ELECTION HELD ON FRIDAY

With the largest turnout of voters in the history of a school election, the Jefferson Elementary School Bond election held Friday, September 26, for the purpose of meeting needs for additional school facilities, carried a 10-1 "Yes" vote. With a total of 1814 votes cast there were 1651, "Yes"; 162, "No"; and one person casting a blank ballot.

The amount voted on was $348,000. With this amount the first stage of construction will be to expand Woodrow Wilson Primary school and replace Woodrow Wilson Elementary school.

R. L. Crane jr., superintendent of Jefferson Elementary School district, said, "The tremendous majority was due to the wholehearted cooperation of the citizens committee, the school board, parents, PTA's, citizens and children of the school district.

He stated further that, "It was a splendid illustration of what can be accomplished in a community that is working towards better school facilities for their children."

A tally of votes from the following precincts showed:

No. 1—Yes 424, No 54, Total 478.
No. 2—Yes 640, No 49, Total 689.
No. 3—Yes 213, No 41, Total 254.
No. 4—Yes 374, No 18, Total 392.
Totals—Yes 1651, No 162, Total 1813. (One blank vote.)

Prior to the election Daly City and Colma literally went "all out" in their campaign, plastering the town with circulars, dodgers, and posters.

A. J. Bodien, chairman of the citizens committee for school bonds, sent the following letter to the Daly City Record:

DALY CITY RECORD,
Daly City, California.

I am taking this means to thank all who have taken such an active part in the recent bond election. The results showed that a lot of good work was done by all those who interested themselves in this cause.

I want to thank all the organizations for their endorsement, the radio stations of San Mateo county and the Daly City Record for the publicity given.

The election proved its worth with the largest majority of any bond election ever held in this district.

This proves that schools were badly needed and the public was well aware of the fact.

Thanking everyone for their splendid support,

I remain,

A. J. BODIEN
Chairman of the School Bonds
Citizen Committee

Jacqueline Mullen Submits Report

Jacqueline Mullen, scribe for Troop 5, turned in the following report for her troop:

"September 30, 1947

"The president called the meeting to order. Mrs. Ann Ingersoll came and collected camp stamp money. We discussed badge work, and decided to work on design badges. Barbara Dale and Mary Alice were elected to represent our troop for the Community Chest Kick Off.

"Respectfully submitted,
"Jacqueline Mullen."

Lions Club Will Hold Picnic This Sunday, October 5

The Daly City - Colma Lions Club are to hold a picnic and barbecue at Oak Cove Park, San Mateo, on Sunday, October 5. Elton McGraw, chairman of the barbecue committee has a special treat in store for members and their guests.

Barbecued spareribs, thick, juicy steaks, beans, corn on the cob and all the trimmings will be served. The entertainment committee, headed by Arnold Panella, has arranged a fine program which will include games and music.

Lions and their guests are urged to come to the park early in order to take advantage of the full day's program.

Women's Civic Club Donate To The Com. Chest

The Women's Civic club met at the home of Mrs. Emelia Lewis, at 724 Bellevue avenue on Thursday evening, September 24, at which time a donation was made to the Community Chest. President Ann Eason presided.

Following the meeting games and refreshments were enjoyed.

The next meeting will be held at the home of Mrs. Margaret Fields, 68 Risel street, on Thursday, October 23, at which time a Hallowe'en party will be held.

HUGE LOSSES SPUR OBSERVANCE OF FIRE PREVENTION WEEK

Fire destruction in the United States threatens to break all records this year.

As the nation and City of Daly City prepare to observe Fire Prevention Week, October 5 to 11, Mayor M. Battye called on all citizens to join with the Daly City Fire Department in the annual city-wide drive against fire.

Fire Chief J. E. Kennedy cited estimates of the National Board of Fire Underwriters that U. S. fire losses may exceed $700,000,000 by the end of this year, the highest in U. S. history.

This $700,000,000 loss will be twice the destruction caused by the burning of San Francisco, and nearly 3½ times the devastation done in any year of the Luftwaffe's blitz on Britain.

Deaths by fire also may set a new record, with the 552 deaths in the Texas City disaster added to the 10,000 annual death toll.

According to estimates made by President Truman's conference on Fire Prevention, the United States suffers more than 831,000 fires annually, an average of one fire every 38 seconds. To combat this menace, the nation has to maintain a huge army of municipal fire fighters—800,000 of them—to guard life and property.

By presidential proclamation and by order of state governors, Fire Prevention Week will be observed in nearly 10,000 communities in effort to focus public attention on the need to save lives and resources from fire.

COMMUNITY CHEST

Although the nation as a whole is enjoying prosperous times it should not be assumed that the needs of the Community Chest are any less extensive or any less vital this year than in other years.

True, more persons are working now than ever before, but the fight against poverty and hardship has not yet been won by any means. Many families, through no fault of their own, find themselves in desperate straits at times and temporarily need a helping hand from the Community Chest.

But aside from direct relief the Community Chest has an even bigger job in helping to provide recreational facilities, group training and moral guidance to underprivileged youngsters through such organizations as the YMCA and Boy Scouts. In this way it is having an important part in combatting juvenile delinquency and in building better citizens for tomorrow.

Support of the Community Chest should not be left to the other fellow. Such an attitude denotes indifference to one's community and to his country. Each citizen should give all he can in support of this fine organization. And he should give not merely as a duty, but as an opportunity to have a part in its constructive and public-spirited work.

YOU AND A FREE PRESS

"Your newspaper serves freedom by serving you."

This is the theme of National Newspaper Week which is being observed from October 1 to 8. It is a timely theme, for at this very moment the struggle for world freedom, as well as world peace, is being highlighted in the halls of the United Nations Assembly.

A free press and a free people are synonymous. Neither can be free independently of the other. Dictators have long recognized that fact. Hitler and Mussolini first had to gain control of the press before they could control the people.

Today we find in such countries as Russia and her satelites, in Spain, in Argentina and in some other nations where the press is not free, it is used to promote the political interests of the controlling minorities rather than for the benefit of the masses. In those countries the people are not free to speak their minds, to openly support a cause or to oppose it according to their convictions, to criticize the government or to publicly take a stand against the men in power.

The American press is a free press. The American people are a free people. But that freedom must never be taken for granted.

Governor Warren recently declared that for "over a century and a half, our newspapers have consistently fought oppression, injustice and corruption in every form."

And that's just what they will continue to do, for only in this way can they do their part in preserving a free press and a free people.

ROBOT FLIGHT

That American plane that flew across the Atlantic a week or so ago without a hand to guide it from start to finish hints at the possibility that before long planes controlled entirely from the ground may travel the skies on regular commercial runs. Of course, it isn't likely that robot planes would be allowed to fly without a pilot aboard to take over in case the control mechanism failed. But it has been pointed out that automatic control eliminates the errors in human judgment which cause most accidents. In case of war robot planes could be sent over enemy territory on bombing missions, that unless some automatic means of defense for the planes could be devised they would be easy targets for enemy fighter planes.

BOMB TOWN

The "home" of tthe atomic bomb is going to be a real little city. Los Alamos, New Mexico, where the first atomic bomb was set off more than two years ago is being transformed from a cluster of temporary structures into a modern community. An estimated $8,000,000 is being put into the project so that scientists and workers in the Los Alamos Laboratory may have proper living accommodations and conveniences for themselves and their families. Total population of the town is about 7,000. That figure includes the tradesmen and others who supply the needs of the atomic plant workers and their families. It might be said that Los Alamos has the distinction of having been "built" by the atomic bomb instead of destroyed by it.

WATCH OUT!

"It is plain that California is the state we will have to watch," says the New York Times in commenting on the rapidly rising population in this state. Well, they can watch us pass them in a few years.

NEWS FROM THE SCHOOLS

JEFFERSON

With the summer vacation already well behind and, indeed, having passed practically into the limbo of forgotten things, so fast does the rythm of a new semester take hold, classes and routines at Jefferson are well under way. The only school in the District having all grades from kindergarten to eighth grade, inclusive, it has settled down, temporarily at least, to an enrollment of 350 pupils. Due to the reconversion of the library into a classroom, and the addition of a new faculty member, the school enjoys the distinction of being not overcrowded.

To upper grade students is due no little share of credit for the recent passage of School Bonds, for groups of volunteers made a house-to-house appeal that cards be displayed in the windows of the home owners, and the following day hung on the doorknobs of the community, small cardboard reminders.

Members of the graduating class selected their officers for the year as follows: Bob Giorni, president; Mary Louise Steinke, secretary; Teddy Welp, treasurer.

"Redwood Empire Travel Thrills" was the colored, sound motion picture through which eighth graders were introduced to their social studies unit of work, "Living in the San Francisco Bay Area." After short shots of one scene in each county of the Empire, the film showed characteristic scenes in San Francisco.

Dewey Powell, sometimes known as "Tex," bade goodbye to his eighth grade classmates last June and returned to his big open spaces in Texas, for good, as he thought. California was alright but, after all, hadn't he been born and raised in TEXAS? No place could compare. A few letters came containing glowing accounts of the joys of being back in Grand Prairie. Came the beginning of September, and Dewey began to get restless, and the urge to return to California, more specifically Jefferson school and that high eighth grade, was too much. Dewey returned.

WOODROW WILSON

At the first student body meeting recently held the following officers were elected: Jacqueline Berardy, president; Ronald Palm, vice-president; Barbara Baden, secretary; Esther Young, treasurer; Ervin Atwood and John Morrow, sergeant-at-arms.

CROCKER

Two out-of-state pupils were welcomed into the low and high fifth grades this week; Josephine Rivera from Puerto Rico and Jane Herman from North Carolina.

Newcomer to room 3 is Joy Logan who previously attended school in Fresno.

The Crocker Challengers and Crocker Ball club have elected George Spoulas and Sandra Capetanick for their captains. The teams are made up of both boys and girls.

The seventh grade has elected the following class officers: Mary Ann Lund, president; Ann Choroski, vice-president; Peggy Lee, secretary; Dan Williams, treasurer.

The following students of Crocker school spent week ends out of town: Robert Stone, Edward Haussler, Nicky Hitchener, Ronald Pike, Pauline O'Connor, Jimmy Herman, Ida Bera, Agatha Midile, Bonnie Balcomb, Henrietta Myers, William Valentino, Alyce Lawrence and Charles Chambers.

The school orchestra had its first practice this term on Monday, September 22, at the American Legion hall.

The orchestra is composed of three clarinets, two saxophones, six violins, one accordion, four guitars. The pieces played were "Cielito Lindo," "Scented Roses," and "In the Swing."

The girls' glee club are working on the following numbers for graduation, "Westward Ho" and "Cielito Lindo." The club is divided into two groups, altos and sopranos. They meet in the library on Tuesdays and Thursdays.

Last Thursday was the first day of craft for the boys. The new craft teacher is Mr. Morel. The first project will be to square a small block with planes.

Cattle Feeds

Of the total feeds consumed by beef cattle 78.7 per cent is grass, hay and dry roughages. With lambs it is 95.6 per cent.

Downward Trend Seen For U. S. Exports

A gradual downward trend agricultural exports is in prosp for the United States in the vi of Dr. Harry R. Wellman, direct of the Giannini Foundation of t University of California Colle of Agriculture.

In a recent statement, Dr. We man said that the drift toward high degree of self-sufficiency essential foods which appeared several European countries aft World War I may again be r sumed, and may extend to st other countries. The United Kin dom, he pointed out, seems to moving in that direction alread

Another factor affecting such downward trend, according to D Wellman, is that over much the world international trade shifting from private to gover ment hands with state trading the ascendancy and political co siderations influencing the terr of trade.

In Buying Used Cars

"Wheel bearings usually a more expensive than most moto ists realize," declares L. G. Evar general service manager for N tional Automobile Club. "That why, in buying a used car, it is good idea to determine the actu condition of the bearings in t wheels."

Peter J. Markovich And Jean Reinecke Unite In Marriage

Another one of Daly City's bachelors has joined the ranks of newlyweds. Peter J. Markovich, well-known man about town, bestowed his name on Miss Jean Ellen Reinecke at a double ring ceremony performed by Father Adrian McKenna at Our Lady of Perpetual Help church on Saturday, September 27, at 9:30 a. m.

Mr. and Mrs. L. F. Reinecke came from Nebraska to attend their daughter's wedding as did Mr. and Mrs. John M. Reinecke, brother and sister-in-law, who were married on September 15.

Jean Ellen donned for her wedding a white slipper satin gown fashioned with a sweetheart neckline, fitted bodice, train and pointed sleeves. Her finger-tip veil was held in place with a crown of orange blossoms. She carried a white prayer book with a white orchid and streamers of bouvardia.

Her sole attendant, Mrs. Ida Millard, matron of honor, was gowned in light blue chiffon. She carried a nosegay of pink begonias.

Bestman duties were performed by Pat Markovich. Seating guests were Bernard Lycett and Arnold Panella.

A wedding breakfast was held at the Colonial Garden Beautiful. The couple are honeymooning in Carmel and will make their home at 306A Knowles avenue in Daly City.

Pete, son of Mrs. Katherine Markovich, 184 Santa Barbara avenue, was graduated from Jefferson Union High school and St. Mary's College, Class of '33. At the present time he is associated with the firm of Green, Markovich, and Panella, 3454 Mission street, as insurance broker. He is also an active member on the Board of Education, Board of Directors at St. Mary's College, and president of the Daly City Merchants association.

The bride was graduated from the University of Nebraska, Class of '43, and for the past year has been supervisor at the University of California hospital.

Rhineland a Beauty Spot

Excluding the chimney-forested, coal-pitted area of the Saar, the Rhineland was considered in normal times one of the world's most beautiful spots. Its flowering orchards, green vineyards and ancient castles; its great forests, likened to cathedrals in which sun filtered through with the effect of stained glass windows; the gabled roofs, spires and turrets of its ornate Rhenish architecture have long been described in the most romantic and sentimental terms.

Sherbet — A Winter Treat

By Frances Lee Barton

SHERBET is a treat often enjoyed at hotel or restaurant, but seldom served in many homes during cold weather. Why not make it an occasional winter treat?

A raspberry milk sherbet is ideal for that St. Valentine Day party — or any time. Serve this delicate pink dessert with its perfect accompaniment — Angel Food Cake — and you'll please the family and your guests.

Raspberry Milk Sherbet

¾ cup sugar; 2 cups water; 1 package raspberry-flavored gelatin; 2 tablespoons lemon juice; 2 teaspoons grated orange rind; 2 cups milk.

Combine sugar and water and boil gently 2 minutes. Place gelatin in bowl, add hot liquid, and stir until gelatin is dissolved. Add lemon juice and orange rind. Turn into freezing tray of automatic refrigerator, setting control for coldest freezing temperature. When partially firm, remove to cold bowl and beat with rotary egg beater until fluffy. Add milk and beat until blended. Return to tray. Freeze 30 minutes longer and stir; then freeze until firm. Freezing time: 5 to 6 hours. Makes 1½ quarts.

Note: 1 cup orange juice may be substituted for 1 cup of the water. Add orange juice after gelatin is dissolved.

ROBINSON BACKS CABLE CARS—The "Save the Cable Cars" Committee has a strong new supporter in Superior Judge Elmer E. Robinson, candidate for Mayor, who believes San Francisco's beloved little hill climbers should not be scrapped because they not only serve a vital transportation need efficiently, but are world-wide symbols of the city's picturesque life and traditions. Here JUDGE ROBINSON is receiving a membership emblem from a "Save the Cable Cars" Committee aide, MISS JOYCE MULCAHY.

Attending Shut-ins

If you have been asked to stay with a sick person in order to relieve a member of the family, don't feel you must entertain him or her the entire time you are there. Tell him a few things you know will interest him, but by no means keep up a steady conversation. He will ask for more if he wants it.

Strengthens Glass

Polyvinyl butyral finds use as an interlayer in laminated safety glass, replacing cellulose acetate, to render the glass capable of withstanding three times the strain previously possible. It dispenses with edge sealing, eliminates discoloration, and can be developed to give maximum safety properties.

Gluing Wood

When gluing wood articles, try the clamps of an old clothes wringer to hold them together as they dry.

Watch Refrigerator

A refrigerator should be located in a cool part of the kitchen to avoid overworking. Its condenser, located at the back of the refrigerator or beneath the food compartment near the motor, should be dusted every few months, and the frost on the freezing unit should not be allowed to get thick.

Curing Ham

Curing ham and bacon is not complicated, if certain principles are observed, home specialists say. Two methods of curing—the dry and the brine—are suited to home preparation of ham and bacon. The curing agent in both methods is the same—a mixture of salt, sugar and saltpeter. Salt preserves the meat, sugar improves the flavor, and saltpeter in a small amount sets the color and acts as a preservative.

Stanford Hannah Will Speak At PTA Meet Tuesday

Tuesday, October 7, will be the first meeting of the new term for General Pershing PTA. The meeting will begin at 1:30 p. m. at the school.

Stanford Hannah, superintendent of Jefferson Union High school district and speaker for the day, will talk on "The School's Place in Teaching World Understanding."

Recommendations from the executive board will cover a whist party, pop corn sales, nosebag lunches and various other activities for the coming year. These recommendations were formed at the regular executive board meeting held on Thursday, September 25, at the home of Mrs. Al Rosenberg, 973 Brunswick street. Mrs. Rosenberg was assisted for the evening by Mrs. M. E. Nensteil. Refreshments were served following the meeting.

Contain Vitamin A

Vitamin A value is very rich in dark green or orange-yellow vegetables, liver, egg yolk, and fish liver oils. Whole milk—fresh, evaporated, or dried — is also an important source. Margarines to which vitamin A has been added are a reliable source of this vitamin.

Air Pillows

Each time the bed linen is changed, it is easy to fluff up the pillows and let them air while the cases are off. Airing helps to keep the pillows soft and gives longer life to the feathers.

Airless Taste

A simple way to restore the fresh fruit flavor to canned orange juice or other canned citrus juices is to pour the chilled juice back and forth from one tumbler to another just before serving, citrus research chemists of the department of agriculture advise. This adds air which is naturally present in fresh juice but is removed during the vacuum canning process. Much of the "different" taste in properly canned fruit juice, especially in orange juice as it comes from the can, is actually an airless taste which disappears when air is added.

Washing Blankets

Never soak blankets. Dirt can be removed by careful washing in heavy, lively soapsuds. Agitate as little as possible and follow with a thorough rinsing.

Entire County Is Backing The Com. Chest Drive

The kick-off rally of the Community Chest was held at Burlingame high Monday, September 29. Principal speaker of the evening was Miss Oleda Shrottky from the national Girl Scout office in New York city. Miss Shrottky spoke on the importance of character building organizations for the youth of today. She reached everyone in the audience with her alert and inspiring manner.

Fred Glover, a graduate of Stanford, pointed out that the Community Chest drive was somewhat like the football game with its captains, teams and goals.

The Boy Scout Band of Burlingame played several very fine band numbers before the colors were presented by Boy Scouts with Girl Scouts as color guards. Ushers for the evening were Girl Scouts, Boy Scouts and Hi-Y boys from all parts of the county.

The evening's activities were broadcast over station KSVM in San Mateo as arranged by Hugh Wayne, public relations chairman of the Community Chest.

Everyone who attended left the auditorium convinced of three things, that this year's slogan, "Give Once For All," was appropriate; that the goal of $201,000 was not impossible in view of the fact that the population of the county is now 180,000; that the Chest should be helped to support its six agencies, Boy Scouts, Girl Scouts, YMCA, Preventorium, Catholic Social Service and Council of Social Agencies.

CROCKER CHAPTER SEWING CLUB TO HOLD BAZAAR

A cordial invitation is extended to the public to attend the annual bazaar sponsored by Crocker Chapter Sewing Club at the Masonic temple, 17 Hillcrest drive.

The time and date is Monday, October 6, starting at 8:30 p. m.

Jack Shelley Is Principal Speaker At A.F.L. Meeting

The United American Federation of Labor Committee of San Mateo met at San Mateo Sunday, September 28. Jack Shelley, the principal speaker, said that all groups had political prostitutes and now was the time for the San Mateo A. F. of L. to realize that out of 30 Congressmen from California only seven voted against the Taft-Hartley labor bill. There were 200 representatives of AFL unions in San Mateo county.

Shelley said that the soft days for labor are over. From now on labor has to work and educate their members to the point that they will dedicate all their time and efforts to contacting their members to vote at every election for the right man.

The Democratic County Committee was represented by Chairman Julius F. Castelan from Daly City and H. J. Balley from South San Francisco.

Lining Repairs

If worn only at neck, sleeves and hem, consider repair of a lining with matching or harmonizing fabric. Apply a shaped facing about two inches wide at the back of neck. and a two or three inch band at cuff and hem. Catchstitch to the old lining for a decorative effect. If a lining is worn at underarm, shields or lining cloth tacked in will do double duty. They take the rub and serve as patches to hold a frayed lining in place.

Peeling Eggs

The age of eggs when boiled makes a difference in the ease with which they peel. Tests at Kansas State college showed that eggs one day old were hard to peel when boiled 10 minutes then cooled in tap water. Eggs five and six days old peeled easily.

Rag Gatherer

The word "chiffonier" comes from the French word for "rag gatherer."

Armanda Facchini And Jack Lively Unite In Marriage

The Donati home at 789 San Diego avenue was the locale for the wedding of Miss Armanda Facchini and Jack R. Lively on Sunday, September 21, at 4 p. m.

Miss Facchini is the daughter of Mr. and Mrs. Ilario Facchini, 2678 21st street, San Francisco, and the groom is the son of Mr. and Mrs. William Lively, 14 University street, San Francisco.

The double ring ceremony was performed by Judge William J. Sweeney. The bride was given away by her father.

The home was decorated throughout in pink crepe paper with streamers extending from the chandeliers to the walls. Pink and white roses were used in decorating, also.

Armanda's gown was fashioned with a tight bodice, net yolk, high neckline trimmed with pearls, full skirt and long train. Her full length veil was held in place with a pearl crown. Her cascade bouquet was composed of gardenias, white orchid and bouvardia.

Sole attendant Yolanda Capitani, maid of honor, wore a yellow satin gown and carried a yellow rose bouquet, trimmed with blue ribbon.

Bestman duties were performed by William Cornelius.

A reception followed the ceremony. Decorations were in white and pink with pink roses on the table which was centered with a 4-tiered wedding cake. Approximately 130 friends and relatives were served buffet supper.

The couple honeymooned in Los Angeles and will make their home at 2 Sunnybrook avenue, San Francisco.

Poisonous to Animals

Zinc phosphide, poisonous to all animals, is effective for both field mice and rat control. It is available only through the fish and wildlife service of the department of interior.

Baked Apples a la Honey

—By Frances Lee Barton

BAKED apples are always good. With a crumble topping they are simply "super". And when you use honey, to conserve your sugar, this dessert is doubly appreciated.

So here's a quick 'n' easy, sugar saving recipe for tonight's dinner:

Baked Apples with Crumble Topping

3 large apples, cored and cut in halves; 5 tablespoons honey; ⅔ cup water; 2 tablespoons butter or margarine; ⅛ teaspoon salt; ½ teaspoon cinnamon; ⅓ cup chopped nut meats; 1 cup 40% bran flakes or corn flakes.

Arrange apple halves in baking dish and spread each half with 1 teaspoon of the honey. Add enough water to cover bottom of baking dish (about ⅔ cup). Cover and bake in hot oven (400° F.) 20 minutes. Combine butter, remaining 3 tablespoons honey, salt, and cinnamon in saucepan and mix well. Cook and stir over low heat until mixture bubbles. Add nuts and flakes and mix lightly. Spread cereal mixture over tops of apples. Return to oven and bake, uncovered, 20 minutes longer, or until apples are tender. Makes 6 servings.

Fluorine Affects Teeth

Tooth decay, at least among children, may depend to some extent upon the amount of fluorine, a mineral salt, in the drinking water of a community.

Board Of Directors Catholic Soc. Serv. Met In San Mateo

A meeting of the Board of Directors of the San Mateo County Catholic Social Service was held at the Catholic Social Service office, 217 Baldwin avenue, San Mateo, on Tuesday, September 23 at 8 p. m.

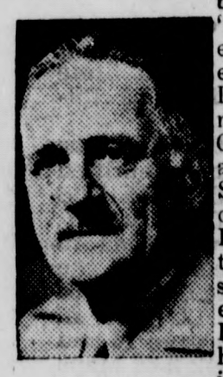
San Mateo County Catholic Social Service is the only private case working agency in the county. It provides special help in the fields of child and family welfare regardless of race, color or creed. This office has all the resources of the Catholic institutions in the Archdiocese: Such as, day nurseries, child care institutions, residence clubs, homes for the aged, summer camps, hospital and clinics, and numerous volunteer groups of lay people.

San Mateo County Catholic Social Service receives its funds from the following Community Chests: San Mateo, Redwood City and South San Francisco.

Deodorization of Paint

If you object to the odor of fresh paint, you can meet that difficulty by mixing a deodorant sold at paint stores with the paint, in accordance with the directions of the manufacturer. Relatively little of the deodorant is required, and it is stated that it is effective and does not injure the paint.

HOME STATES: While Ohio and Virginia are the mothers of presidents, Pennsylvania can lay claim to the title, "mother of generals." Both General Jacob L. Devers, who commands the Army Ground Forces, and General Carl Spaatz, the head of the Army Air Forces, are natives of the Keystone state. General of the Army Dwight Eisenhower was born in Texas, but his family originally came from Pennsylvania.



SPAATZ

General Devers was born at York, General Spaatz at Boyertown. In fact, these two top men of the Army's two major commands were born only fifty miles and four years apart.

However, the ranking officers below the pinnacles of the AGF and the AAF are representative of the country as a whole. For example, General Courtney H. Hodges, commanding the First Army, with headquarters at New York, was born in Georgia. General Hodges started his military career as a private in the 17th Infantry 40 years ago.

DEVERS

Lieutenant General Albert C. Wedemeyer, commanding the Second Army, at Baltimore, is a native of Nebraska; Lieutenant General Oscar W. Griswold, commanding the Third Army, at Atlanta, is a native of Nevada.

General Jonathan M. Wainwright, commander of the Fourth Army, at Fort Sam Houston, Tex., was born in the state of Washington, but Texas has a native son, Lieutenant General Walton H. Walton, commanding the Fifth Army with headquarters at Chicago.

General Mark W. Clark, who commanded the Fifth in the Mediterranean and now heads the Sixth Army, with headquarters at the Presidio of San Francisco, was born in New York State. Major General George P. Hays, acting commander of the Sixth in General Clark's absence at the Moscow conference, was born in China.

* * *

PROMOTIONS: Officers who are not of the Regular Army now may apply for commissions in the Officers Reserve Corps and remain on active duty in their present rank in the Army of the United States. They will be eligible for the highest reserve rank to which they are at present entitled. Generally, this is one grade above their present rank. Approximately 50,000 officers from components other than the Regular Army are affected by the new War Department policy.

* * *

LEADERS: The search for men who can lead goes on in the Army. For that reason, a four weeks' school, known as the Potential Leaders' Course, is being set up at all AGF Replacement Training Centers. Enlisted men who show signs of having the stuff from which leadership is made will receive the instruction. Approximately 960 students will be enrolled when the classes are running at full capacity.

Notice of Sale Of Real Estate

No. 13,470

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

In the Matter of the Estate of VERONICA PEREZ, Deceased.

NOTICE IS HEREBY GIVEN that the undersigned administrator of the estate of Veronica Perez, deceased, will sell at private sale to the highest bidder and subject to confirmation by the above entitled Court, on or after October 10th, 1947, all the right, title, interest and estate of said deceased, at the time of her death, in and to the real property hereinafter described, and all the right, title and interest that the said estate has by operation of law or otherwise acquired, other than or in addition to that of the said deceased at the time of her death, in and to the following described property situate in the City of Daly City, County of San Mateo, State of California, and more particularly described as follows, to-wit:

Lot 16 in Block 11, as designated on the map entitled "MAP NO. 1 VISTA GRANDE SAN MATEO CO. CALIF.", which map was filed in the office of the Recorder of the County of San Mateo, State of California on November 5, 1906 in Book "C" of Maps at page 35 and a copy entered in Book 4 of Maps at page 41.

TERMS AND CONDITIONS OF SALE: Said property is to be sold subject to a present existing deed of trust against said property with a balance due in the sum of $2373.89 dollars, and to a second deed of trust against said property with a balance due in the sum of $983.42 dollars. Ten per cent of the purchase price over and above said deeds of trust to be paid at the time of sale; balance on confirmation of sale. Taxes and insurance to be prorated as of date of recordation of deed.

BIDS AND OFFERS over and above said existing deeds of trust are invited for said property and must be made in writing and may be left at the office of Edward F. Sullivan, attorney for said administrator, 1509 de Young Building, San Francisco 4, California, or may be filed with the Clerk of the above Superior Court, or may be delivered to the said administrator personally at any time after the first publication of this notice and before the making of the sale.

Dated this 20th day of September, 1947.

SUMMONS

No. 43855

Action brought in the Superior Court of the State of California in and for the County of San Mateo, and the Complaint filed in the office of the County Clerk of said County and State

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SAN MATEO

O. C. BURKHART and GERTRUDE N. BURKHART, his wife Plaintiffs, vs. ETHEL B. SMITH, GUY TYSON SLAUGHTER, CHARLES GEORGE SEAGER, FIRST DOE, SECOND DOE and THIRD DOE, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

ETHEL B. SMITH, GUY TYSON SLAUGHTER, CHARLES GEORGE SEAGER, First Doe, Second Doe and Third Doe, also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the Complaint adverse to Plaintiffs' ownership, or any cloud upon Plaintiffs' title thereto, DEFENDANTS.

YOU ARE HEREBY DIRECTED to appear and answer the Complaint in an action entitled as above brought against you in the Superior Court of the State of California, in and for the County of San Mateo, within ten days after service on you of this Summons — if served within this County; or within thirty days if served elsewhere.

That said action is brought to obtain a judgment and decree quieting Plaintiffs' title to the following described real property, situated in the County of San Mateo, State of California, and to determine all adverse claims thereon, and particularly described as follows, to wit:

Lots 22, 23 and 24 in Block 32 and Lots 28, 29 and 30 in Block 31, as designated on the map entitled "AMENDED AND SUPPLEMENTAL MAP OF MONTARA SAN MATEO COUNTY CAL.", which map was filed in the office of the Recorder of the County of San Mateo, State of California, on October 16, 1907 in Book 5 of Maps at page 25.

also for general relief, as will fully appear in the Complaint on file, to which special reference is hereby made.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiffs will apply to the Court for the relief demanded in the Complaint.

Given under my hand and the seal of the Superior Court at the County of San Mateo, State of California, this 14th day of August, A. D., 1947.

AWVS Workers Start Christmas Seal Drive For '47

One of the biggest and most heart-warming tasks of the year has begun this week as American Women's Volunteer Services workers in Daly City and throughout San Mateo county, have started folding and readying for mailing the county's seven and a half million Tuberculosis Christmas Seals for the happy Christmas season of 1947.

During the past year the Christmas Seal X-ray Laboratory, the free, mobile life-saving unit operated by the San Mateo County Tuberculosis and Health Association, has been a frequent and welcome visitor to Daly City. This free service, paid for by purchases of Christmas Seals, has relieved many local residents of apprehensions respecting the health of themselves and their families.

In a few, confidential cases, it has been the means of detecting Tuberculosis at the outset of its deadly work and the Association has taken prompt steps to secure the health of those in whom Tuberculosis, heart or other ailments were detected.

Officials of the Association say that the free X-rays have greatly augmented the good done by the Christmas Seal purchases but that this additional work has brought new and larger burdens upon the Association. The Medical Committee of the Association will announce its goal for 1947 seal sales within a few days.

Typical of the many previously unsuspected uses of the Christmas Seal X-ray Laboratory, say the officials, is the October chest clinic to be held next Monday for the X-raying of domestics and baby-sitters.

Employers and employes, alike, should telephone the Tuberculosis Association for free chest X-rays and pamphlets including the pamphlet "Tuberculosis and Your Child." This service enables employers to have complete confidence in those who are caring for their children.

In preparing for the annual Tuberculosis Christmas Seal drive, the Association is asking that persons who wanted, but did not receive, seals last year take early opportunity to telephone or write Association headquarters in San Mateo.

D. C. Baseball Club Make It 24 Out Of 25 Ball Games

Twenty - four victories out of 25 starts is a good average in anybody's language. That's what the local Daly City Baseball Club has chalked up so far this season. Their twenty-fourth win was against Syl's Service Sunday at Marchbank park.

Their first league game will be held Sunday and the boys expressed the need of support from local fans.

Last Sunday's game was nip and tuck all the way with the local boys forging ahead in the sixth inning 5 to 3 on the heavy hitting of catcher Harry Krohn and first baseman Neil Pezzola. Krohn hit a homer and two singles accounting for three runs, and Pezzola hit a long drive in left centerfield for three bases scoring the other two runs.

Syl's Service scored three times in the second inning; two runs scoring on an error by third baseman Dick Schultz.

Check Furnace

Furnaces have been doing heavy service through the winter months, and may have developed cracks or breaks through which heat and fumes may be leaking. Furnaces should be carefully examined for such defects and repairs made with high-grade furnace cement, which is very easy to apply with a putty knife, and is generally available from paint and varnish dealers.

Dry Wool Indoors

If you want soft, warm, fluffy woolens to keep out the discomfort of cold, you should dry woolen washables indoors and so prevent freezing which shrinks and hardens wool.

Jaysee Opens Football Season Friday Evening

San Mateo Junior college opens its 1947 football season this Friday evening when the Bulldogs go to Santa Rosa for a night game. The Mateans have had three weeks of practice with no games, while Santa Rosa has played two games already. Coaches Murius McFadden and Lee Bissett, aided by Herb Hudson, newcomer to the coaching staff, have built up a team from the entire county for a conference season that includes games with Stockton, San Francisco, Modesto, Menlo, and Salinas jaysees.

In preparing for their trip to Santa Rosa, the local jaysee students have arranged a bonfire rally on the Bay Meadows grounds this Thursday evening. The rally committee, headed by Stan Rodrigues, has planned the program and arranged for the fire.

The first college dance of the year proved a decided success with Matson hall crowded with students and friends. The next social event is the Art Club dance, a costume dance, featuring the styles and customs of old New Orleans. The date is October 17.

The college has completed its moving of classes to the Coyote Point campus and now has added the registrar's office and the main library.

Railroad Worm

Railroad worm is the principal pest that blocks the efforts of home orchardists to raise good apples. All near-by neglected or wild apple trees, and all windfall apples should be destroyed.

Production Needs

In producing one ton of steel, it is estimated that the railroads haul approximately four tons of ore, coal, coke, limestone, scrap iron and other raw materials.

Notice Inviting Sealed Proposals Hillside Manor

Pursuant to the Municipal Improvement Act of 1913, as amended, and the Resolution of Intention No. 1947-2 adopted thereunder on July 28, 1947, by the City Council of the City of Daly City, California, and a motion directing this Notice passed September 22, 1947, said Council hereby invites sealed proposals for the improvement of streets in Hillside Manor in said City.

All of said work is to be done at the places and in the particular locations, of the forms, sizes and dimensions and of the materials, and to the lines and grades and at the elevations as shown and delineated upon the plans, profiles and specifications made therefor and preliminarily approved by said City Council on July 28, 1947, and on file in the office of the City Clerk of said City, pursuant to said Resolution of Intention, which resolutions are on file in the office of said City Clerk, and to which reference is hereby expressly made for a more particular description of the work to be done and for further particulars.

Payments will be made in cash by said City to the contractor on itemized estimates duly certified and approved by the City Engineer and said City Council, based on labor and materials incorporated into said work during the preceding month by the contractor, but said City shall retain ten per cent (10%) of the amount of each such estimates, and the accumulation of said amounts so retained from said progressive payments will be paid to said contractor thirty-five (35) days after the completion and acceptance of said work by said City Engineer and said City Council.

Notice is hereby given that on July 28, 1947, this City Council adopted a resolution determining the general prevailing rate of per diem wage to be paid to the various craftsmen and laborers required to construct said improvements in and for said City, a copy of which wage scale is contained in and made a part of the specifications for said work, to which reference is hereby made for full details thereof.

All proposals shall be accompanied by a certified check payable to the order of the City Clerk of said City, amounting to ten per cent (10%) of the proposal, or by a bond in said amount and payable to said City, signed by the bidder and two sureties who shall justify before any officer competent to administer an oath in double said amount, and over and above all statutory exemptions. Said check shall be forfeited or said bond shall become payable to said City in case the bidder depositing the same does not, within fifteen (15) days after written notice that the contract has been awarded to him, enter into a contract with the City, the faithful performance of which shall be secured by an undertaking in the amount of 50% of the amount so bid, with sureties satisfactory to said Board, and which shall be accompanied by a labor and material bond in a sum equal to 50% of the amount of said proposal, under the provisions of the Labor and Materialmen's Act of 1919.

Copies of plans and specifications and proposal sheets may be obtained from the office of the City Engineer, City Hall, Daly City, California. A deposit of $10.00 per set of plans and specifications is required as a guarantee that they will be returned to him in good condition not later than forty-eight (48) hours after proposals have been publicly opened.

Said sealed proposals shall be delivered to the City Clerk of said City of Daly City on or before eight o'clock P.M. of the 13th day of October, 1947, said time being at least ten (10) days from the time of the first publication of this notice. Proposals will be publicly opened, examined and declared on said day and hour.

Dated: September 22, 1947.

FIRE FIGHTERS FACTS

By Mel Hanson
Publicity Chairman

Vol. 1, No. 6 October 4, 1947

National Fire Prevention Week Starts Sunday, October 5

The President of the United States, the Governor of California and the Mayor of Daly City have proclaimed the week of October 5 through 11 as National, State and City Fire Prevention Week.

There men whom you have elected to office have at their finger tips the appalling statistics of the death and property loss to the nation, states and cities of the United States and they realize that something must be done, so they in turn have proclaimed October 5 through 11 as National Fire Prevention Week. Therefore you as a citizen of the United States should realize the need of taking an inventory of your home to see that it is safe from fire.

Captain Tom Joyce of Company No. 1 has been appointed chairman of the Fire Prevention program in Daly City, and he has reported that everything is in readiness. He has asked that attention be paid to the display in the McGraw Bros. Pharmacy and also the Anchor Pharmacy in the southern part of Daly City.

Motion pictures and fire drills will be held in all schools during the week.

We of the fire department urge all of you to be prepared in case of fire.

* * *

Here is the fourth installment of the check list provided by the Daly City Fire Department, to insure you of a safe home, a home safe from fire menace.

19. If you use a coal or wood stove, don't pour kerosene on stubborn fires. Don't keep kerosene in the kitchen.

20. Check automatic gas water heater regularly. Turn off non-automatic type before leaving house unoccupied.

21. Don't throw flour, uncooked cereals or dust from a vacuum cleaner or dustpan into a stove with fire — or into a burning incinerator. Dust is explosive. Wrap up dust and dispose of it safely.

22. DON'T SMOKE IN BED.

23. If you are going to smoke, stay out of bed, dispose of matches and burning tobacco carefully in ash trays, not in waste paper basket.

24. IF YOU AWAKEN AT NIGHT AND SMELL SMOKE, FEEL YOUR BED ROOM DOOR BEFORE YOU OPEN IT. IF IT'S VERY HOT, DON'T OPEN IT. GASES, HEAT AND SMOKE MAY KILL YOU. DON'T JUMP FROM THE WINDOW. WAIT FOR HELP, IF YOU CAN. IF YOU LEAVE THE ROOM, CLOSE DOOR, TO IMPEDE SPREAD OF FIRE. ABOVE ALL, KEEP YOUR HEAD!

Eliminate All Fire Hazards In Your Home Today!

* * *

Fire Department Responded To 18 Calls in September

The Daly City Fire Department responded to 18 fire calls during the past month, seven of these calls were FALSE ALARMS. This average of false alarms is higher than last month and something must be done to stop this condition.

We of the fire department have begged for your assistance in stopping false alarm calls. We pointed out several weeks ago of the great hazard each fireman takes in answering an alarm. There isn't much we can do as a department. It is up to you, the individual, to help us in this situation.

The City Council and the Fire Commission of Daly City have offered a reward of $25, to be given to any person who can give any information leading to the arrest of any person or persons turning in a false alarm.

September 4, 1:35 a. m. box 312, grass fire, companies 1, 2, 6 responded.

September 4, 8:10 p. m., box 13, FALSE ALARM, companies 1, 2, 4 responded.

September 6, 3:45 p. m., box 16, FALSE ALARM; companies 1, 2, 4 responded.

September 9, 2:55 p. m., box 617, FALSE ALARM; companies 1, 2, 6 responded.

September 12, 9:05 p. m., box 35, mattress fire; companies 1, 2, 6 responded.

September 13, 11:35 p. m., box 631, FALSE ALARM; companies 1, 2, 6 responded.

September 16, 11 a. m., box 15, grass fire; companies 1, 2, 4 responded.

September 16, 4:55 p. m., box 16, FALSE ALARM; companies 1, 2, 4 responded.

September 16, 7:15 p. m., no box, rubbish fire; company 1 responded.

September 17, 1:15 a. m., box 45, FALSE ALARM; companies 1, 2, 4 responded.

September 19, 5:40 p. m., box 53, grass fire; companies 1, 2, 4 responded.

September 20, 11:30 a. m., box 613, grass fire; companies 1, 2, 6 responded.

September 20, 11:40 a. m., box 615, grass fire; companies 1, 2, 6 responded.

September 20, 12:05 p. m., box 16, FALSE ALARM; companies 1, 2, 6 responded.

September 21, 12:12 p. m., box 213, grass fire; companies 1, 2, 4, 6 responded.

September 21, 6 p. m., box 29, auto fire; companies 1, 2, 4 responded.

September 24, 2:45 p. m., box 312, grass fire; companies 1, 2, 6 responded.

September 28, 11:40 a. m., box 38, grass fire; companies 1, 2, 6 responded.

It is the orders of Fire Chief Kennedy to have three companies respond to each and every alarm. There are four companies in the fire department, one company stands-by at the fire station as a second alarm company. Companies 1 and 2 respond to all calls in the city.

Dielectric Value

Because of their high dielectric value, coatings based on phenolic resins have found large usage for electrical insulation. The reddish brown coating on motor armature windings is phenolic.

Surface Mine

A surface copper mine at Bisbee, Ariz., known as the Sacramento Pit, is one of the largest of its kind in the world. Covering 35 acres, it has produced more than 20,000,000 tons of copper ore.

Giusti - Gray Nuptials Sunday At Holy Angels Church

The Holy Angels church will be the locale for the wedding of Miss Yolanda (Lani) Giusti and Lauritis Gray on Sunday, October 5. The ceremony will be performed at 3 o'clock.

The bride-elect is the daughter of Mrs. C. Giusti, 91st avenue, Colma. The bridegroom is the son of Mr. and Mrs. John Edward Gray, 2438 Folsom street.

In honor of her coming marriage Lani was the surprised guest at two bridal showers. The first, a miscellaneous shower, given by her mother, Mrs. Catherine Giusti, and sister, Mrs. Rena Rideout, was held on Wednesday evening, September 17, at the home of Mrs. Paul Giusti, 312 Railroad avenue. The honoree and her two attendants were each presented a gardenia corsage.

Decorations were carried out in all-white. The gifts were displayed beneath a huge umbrella and guests were served a sumptuous dinner at a table centered with a miniature bridal party.

Those in attendance were Mesdames Catherine Giusti, Eda Giusti, Rena Rideout, Lola Stockton, Sophie Giusti, Estelle Bertocchi, E. Del Buono, Evelyn Serrato, John Gray, Nilda Majeski, Mary Nannini, B. Nannini, Ann Nannini, Rena Moresco, Albina Parma, Norma Varni, M. Ciarlo, Beatrice Baker, Anne Miller, Mary Gianni, Cordina Benedetti, F. Tognozzi, L. Ciardella, Thelma Lazovich.

Misses Fern Gray, Stella Maffei, Verna Moresco, Gloria Petroni, Lea Petroni, Flora Aveggio, Bernice Ciarlo.

On Tuesday evening, September 23, Misses Fern Gray and Bernice Ciarlo were hostesses at a linen shower for Lani held at the Gray residence, 2438 Folsom street. The table set for 21 guests was centered with a white gladiola centerpiece. The cake was decorated with "Best Wishes, Lani and Larry."

Those attending were Mesdames John Gray, Annie Miller, Catherine Giusti, Rena Rideout, Lola Stockton, Eda Giusti, Helen Baumgartner, Margaret Politis, Mary Gonzales, Pearl Lee, M. Ciarlo, Dora Delgino, Alma Horp, Ann Holmes, Gladys Bone, H. Hanson, M. Edwards, William Bell, Agnes Floethe.

Regulate Growth

By controlling both the temperature and length of day for chrysanthemums, Cornell research men have found it is possible to produce blossoms any time of the year.

Cost of Long Skirts Held Cause of Protest

If skirts had been lengthened gradually instead of precipitously, there would have been no protest from American women, in the opinion of Mrs. Louise Pinkney Sooy, associate professor of fine arts on the Los Angeles campus of the University of California.

"Most of the objections to the new dress lengths are economic rather than esthetic," Mrs. Sooy says. "The hems on wartime clothing were so skimpy that they can't be let out to conform with the new lengths. This means that to be in style one has to get nearly everything new."

Mrs. Sooy predicts that in spite of objections, skirts will be longer. "Some women may change their fashions an hour or so after reading the fashion magazines; others may take a couple of years. But they all change," she says.

The clothing expert has her doubts about hip paddings, however, and she doesn't believe that women will go back to corsets, even in the interests of being fashionable. "I don't think many American women will suffer for their clothes," she explains.

Reduce Friction

To locate old drainage tile in your field have a ball bearing—measuring about five-sixteenths of an inch in diameter—welded to a hard steel rod which is about a quarter of an inch across and 4½ feet long. Make a handle on the end opposite the ball bearing. Probing the soil with the rod will be easier because friction is reduced.

Removing Paint Splotches

If enamel or paint has been spattered in lumps or blobs on varnished surfaces, such as furniture or floors, try scraping it very carefully with an old razor blade as far as you can without scratching. Then rub very gently with very fine steel wool until clean. Then touch up the dulled spots with very thin wax paste. Let dry and then polish.

Quick-Frozen Mixed Vegetables Add Eye and Appetite Appeal

DON'T serve drab meals. You can add flavor and eye appeal to any meal, even at the last minute, if you master a few easy tricks. Remember the old rule that a variety of colors gives eye appeal to a plate. If you find yourself confronted with a menu of mashed potato and broiled fish, select colorful quick-frozen mixed vegetables, rather than creamed cauliflower, to jack up your color scheme. These mixed vegetables — tender little Lima beans, golden sweet corn, succulent green beans and green peas, and diced carrots—add flavor, too, to any plate. They are good with roasts, with steaks and chops, and they are a wonderful last-minute addition to stews and ragouts. Their bright colors add real eye appeal and their farm-fresh taste steps up the stew's flavor.

A salad of greens and cooked and chilled quick-frozen mixed vegetables is an easy way to add interest to lunch or dinner. And you can make a soup worthy of a great chef by adding mixed vegetables to any clear meat stock.

To Cook Mixed Vegetables

Drop mixed vegetables, frozen or thawed, into ¾ cup boiling salted water in saucepan. Bring quickly to a boil over high heat, separating block with fork to hasten thawing. When the water boils again, reduce heat and cook gently 8 to 10 minutes, or until vegetables are just tender. Do not overcook. Season to taste with butter or margarine, salt and pepper. Serve at once.

CASH FOR YOUR HOME

Regardless of condition or age of your home, we'll pay spot cash for it now! If you've considered selling, you'd better act now, while values are at their peak.

WHERE TO GO --- WHAT TO SEE --- WHAT TO DO

Festivities as sparkling as California's famous wines, pointing up interests as varied as the facets of California agriculture and recreation, are reason enough for planning a glorious Indian summer week-end vacation. According to the Travel and Recreation Committee of the California State Chamber of Commerce county fairs still hold the spotlight in many locales, while gala times are planned elsewhere in the State to celebrate apple, grape and walnut harvests. Boats and horses, airplanes and water skis all come in for a share of attention. Or maybe you've a mind to see an art show by Pacific Coast Indian artists, or a contingent of barbershop quartettes demonstrating their art, or a Mexican festival of songs and dances—the list is a long one.

In addition, football games, deer hunting, steelhead fishing and other outdoor sports beckon all comers, so all-in-all it's too bad not to take advantage of your California leisure time in true Western style!

SONOMA: First Annual Vintage Festival, October 4-5. Honoring the 90th anniversary of the founding of California's multi-million dollar modern wine and grape industry in the Sonoma Valley there'll be such gala events as folk dance exhibitions, band concerts, street dances, vineyard and scenic tours, costume prizes, inspection of wineries, vintage ball, wine and grape displays and others. Dedication of a plaque honoring Count Agoston Haraszthy, founder of the modern wine industry, will take place following a pilgrimage to Rancho Buena Vista, site of his original winery and vineyards. Boyes Hot Springs Ballpark will be the scene Sunday afternoon of a great folk dance exhibition featuring hundreds of costumed dancers.

KENTFIELD: The 48th Annual Grape Festival for the benefit of Sunny Hills Orphanage will open at 10 a. m. October 4 and run to 5:30 that afternoon. More than sixty booths manned by volunteers from many parts of the Bay Area will feature hundreds of articles and services. Baby clothes, books, flowers and plants, home canned fruits and vegetables, kitchen ware, jewelry, toys, hand woven articles and many other kinds of gifts may be bought. Toothsome delicacies to eat on the spot or take home, fortune tellers, photographers and silhouette artists, a gayway, doll house auction, art in action, magician show, dance exhibitions, Junior Theatre play, exhibition of trained Guide Dogs for the blind. This festival annually supports the orphanage for two months of the year.

WALNUT CREEK: The 1947 Walnut Festival. October 3-5. Opening Friday night with folk dancing and exhibits the program this year will move through Saturday and Sunday with everything from a parade to a marathon. Street dancing and queen coronation Saturday night.

PITTSBURG: Columbus Day Celebration. October 1-5. Pittsburg invites you to attend its Columbus Day Celebration, five big days of events including coronation ball, landing pageant, fireworks, pet parade, water sports and boat races, boxing, carnival, motorcycle races, street dances and land sports. Highlights of the program will be Sunday morning's mammoth parade featuring drill teams, drum corps, marching units, floats, bands, etc.

HEMET: Farmers' Fair and Festival. October 2-5. Replaces the Utility Turkey Show. Square dance contests, professional rodeo, fiddlers contest, farm produce exhibits, and many other features.

SANTA MONICA: Air Carnival, October 4-5 with aerial acrobatics, "open house" on the ground, inspection of many new types of private planes. At Clover Field. Admission is free. Carnival sponsored by operators of Clover Field and Santa Monica Jr. Chamber of Commerce.

EL CAJON: Rock and Ride Horse Show. October 5. Children's events beginning at 9:30 a. m. Adult events afternoon.

Rally Day Is Set For October 5 At Nazarene Church

"Two hundred in Sunday School" is the goal set for Rally Day at the Grace Church of the Nazarene, Santa Barbara and Vista Grande avenue, on Sunday, October 5.

A special program will be presented during the Sunday School hour, starting at 9:45 a. m. The program will open with a call to colors and salute to the American and the Christian flag with the following Sunday School scholars taking part: Shirley Wheeler, James Jones, Donald North and Bill Lemon. Raymond Hedvall, of the junior department, will give a recitation entitled "Our Rally Day."

The beginner and primary departments will present the following recitations: "Welcome," by Wanda Myrl Hawthorne; "A Rally Day Prayer," by Carolyn Cameron; "Why I Like Rally Day," by James K. Hawthorne, Beverly Wheeler, Bobby Eiler and Diane Thompson. Several songs will be rendered by Roy DeCoursey, a recitation entitled "Why," by Don Anti, "The Bugle," by David Hebler, and "Have You?" by Donnie Eiler.

Everyone is welcome and invited to come and enjoy the program and to help make the two hundred mark goal set for this Sunday. Prizes will be given for classes having the highest percentage gain.

Shrub Cuttings

Many shrubs can be grown from cuttings. Ripe, new wood usually is best. Make cuttings 9 or 10 inches long, cut off the leaves and leave only one or two buds at the top. Make clean cuts, set the cuttings deep, partly shaded. Leave them alone until they start growing. When well rooted, they may be transplanted to the nursery or to their permanent place. Set plants in good soil. A mulch of straw or leaves around the plants will hold moisture and shade the ground in addition to adding organic matter to the soil

Detergents Clean Well

In washing all-wool white blankets, detergents proved better than soap. Blankets were laundered in both hard and soft water by hand and machine. Blankets made of 75 per cent wool and 25 per cent cotton washed cleaner with soap.

Wedding Vows Are Exchanged At Berkeley Church

On Friday, September 5, Miss Barbara Bedwell was escorted by her father to the altar of the First Presbyterian church in Berkeley to exchange marriage vows with John Clifford Kinsey, son of Mr. and Mrs. John Kinsey, 463 Irvington street, Daly City.

Twenty young people preceded Barbara to the altar, a maid of honor, her twin sister Bernice, and nine bridesmaids. The bridegroom's brother, Harland Kinsey, was best man and nine young men ushered.

Reverend Cyrus N. Nelson, director of Mt. Hermon Association, where the bridegroom is a member of the staff, performed the ceremony, and Joseph Eubanks of Oakland was soloist.

The bride's white satin brocade gown was fashioned with a brief train over which fell her lace trimmed veil. She carried a lace handkerchief that the bridegroom's mother had carried on her wedding day, and a white Bible, gift of the bridegroom. To it was attached a spray of red roses from which depended white ribbon streamers knotted with bouvardia and stephanotis.

Composing the colorful group of attendants were Bernice Bedwell, maid of honor; Mariem McVey of Los Angeles; Adele Christensen, Marilyn Estiy, Betty Gilbert, Nan Eldridge and Beverly McMoran of Berkeley; Helen Dalton of Turlock; Carolyn Reid and Barbara Anderson of Oakland. Their gowns were of crepe, with round necklines, draped fronts and large bows at the back giving a bustle effect. They wore matching starched lace gloves and carried nosegays of ruffled begonias. The maid of honor wore pale blue; three were in aqua marine, three in pink and three in yellow.

Mrs. Bedwell, the bride's mother, wore a pale blue crepe dress with which she wore pink bouvardia. Mrs. Kinsey sr. was attired in a gray silk dress with creamy begonias.

In the male contingent were Neil Munro of Berkeley, Garth Barber, Don Pedersen, Art MacDonald, David Spruance, Edward Hendrickson, and Robert Grunigen of San Francisco; Thomas Brandt of Daly City, and Bruce Parker of Los Angeles.

The couple both attended San Francisco State college. The bride was a member of Phi Delta Chi sorority and has been active in the Calvin Club of the First Presbyterian church. Kinsey is a member of Calvary Baptist church in San Francisco.

As he is on the staff of the Mt. Hermon Association, he and his bride will reside there when they return from a honeymoon trip.

Mrs. John A. Ledterman, of Daly City, long a friend of the groom's family, assisted at the reception by cutting and serving the wedding cake.

Storing Canned Food

Canned foods should be stored where there will be as little deterioration as possible. A cool, dark, dry place should be provided. If a dark room cannot be provided, glass jars may be covered with brown paper.

U. C. Reports New Atomic Research

The biological implications of the strange new elements spawned by the atomic age are reported in a review by Dr. Joseph G. Hamilton, associate professor of medical physics at the University of California, of animal studies since 1942 of the metabolism of fission products, plutonium and other substances which Man had not encountered before nuclear fission became a reality.

The report, issued under sponsorship of the Atomic Energy Commission, and with an acknowledgment to the Manhattan Engineer District, has been published in the current issue of the American Journal of Radiology. It summarizes research done by a group of Berkeley scientists working in collaboration with Dr. Robert S. Stone, University of California Medical School professor of Radiology, who was formerly head of the plutonium health project.

Five of the elements studied, element 61, and the transuranic elements, neptunium, plutonium, americium and curium are synthetic products of the atomic ovens or of cyclotron bombardments, and are not found in Nature.

The most significant finding of the researchers was that many of the highly radioactive groups of the elements studied are deposited in a thin layer of tissue, called the osteoid matrix, adjacent to the bone marrow cavity. In this position, the radioactive materials could interfere with the multiplication of red blood cells and white corpuscles; deposited in appreciable amounts, the materials might cause serious injury.

Tire Inflation Tip

When checking tire pressure it is advisable to let a little air escape before inflating, according to the California State Automobile Association. This procedure allows any foreign matter which may be lodged in the valve core to be expelled.

Richard J. Dolwig Makes Report On Los Angeles Meet

The Assembly Interim Military Affairs Committee at a meeting held in Los Angeles last week, adopted a resolution requiring the Veterans Administration and State Board of Education to settle their controversy on who is to supply books and materials to veterans attending colleges and junior colleges under the GI Bill of Right, it was announced Friday by Assemblyman Richard J. Dolwig, South San Francisco, committee member and San Mateo County Assemblyman.

Dolwig stated the Military Affairs committee considered many other important measures. The meeting was held concurrently with the state convention of the American Legion.

Dolwig represented South San Francisco's Bernard McCaffery Post, American Legion, as a delegate to the convention.

During the next month, a study of the National Guard and its enlistment requirements will be made by the Assembly Interim Military Affairs Committee, Dolwig stated. A check will be made as to the extent of change-over from the State Guard to National Guard. The committee will also survey the present strength and facilities of the National Guard throughout the state. Currently the National Guard is conducting an enlistment drive.

Range Paralysis

Chickens of all breeds and both sexes are susceptible to range paralysis, technically known as the avian leukosis complex. The disease usually attacks young chickens between two and five months of age. One or both legs may become partially or completely paralyzed. Drooping of the wings frequently, but not always, appears. There is no cure for range paralysis.

The Right Road

Today, all over the world, irreligion marches shoulder to shoulder with violence and unrest. Totalitarian Revolution, imbued with godless ideologies, sweeps the globe in arrogant, unholy triumph.

If we are to preserve what we believe is the essence of civilization, to regain and hold the full measure of sacred liberties and maintain the dignity of man, we must encourage, aid and abet a more sober realization of the indispensable influence of The Word of God in our every day life.

For his own sake, his family, community, State and the Nation, National Bible Week merits the recognition of every American who, irrespective of class, creed or color, loves liberty and would do his full part under God. Sponsored by the Laymen's National Committee, Vanderbilt Hotel, New York.

ACTIVITY CALENDAR

Friday, October 3

3 p. m.— Regular meeting, Brownie Pack No. 8, 101 Parkview avenue.

3:30 p. m.— Regular meeting, Girl Scout Troop No. 1, No. 4 firehouse, Peoria street.

TOO MANY DOGS ON THE LOOSE, SAYS READER

"Daly City
"September 27, 1947

"Daly City Record
"Daly City, California

"After reading your printed letter of property owner Anonymous I would like to say that this condition has been going on for years and hundreds of unlicensed dogs are roaming the streets.

"I have spent hours of time and plenty of money for seed, fertilizer and water to keep my lawn up and every few days some hound digs out large chunks of turf, which has to be replanted. I am just about ready to get the old shot gun out and cut the number of dogs down somewhat.

"I don't understand why our city officials don't pick up these dogs and kill them off regardless of whose they are. I feel that private property should be protected from dogs as well as humans.

"As hard up as the city is for funds why not put a tax of say $25 on each dog and require them to be kept on leash.

"Since the influx of out of staters this part of town toward the tracks is another dog town and no license tags on them.

"Daly City Record Reader"

Democratic Club Will Celebrate Fifth Birthday

The Twenty-fourth Assembly District Regular Democratic Club will celebrate their fifth birthday with a dinner dance at the Venetian Villa Saturday evening, October 11. Mrs. Wm. Dempsey is in charge and reservations may be made by phoning DElaware 3-6134.

Angelo Rolando is president. Plans are being made for a "Candidates' Night" Saturday, October 18, at 7 Amazon avenue.

Funeral Services For Mrs. C. Butler Held On Monday

Mrs. Christine O. Butler, of 472 Irvington street, who had been ailing for the past year, passed away at her home on Friday, September 26. During her long illness, Mrs. Trixie J. Beeson, her sister and only living relative, had cared for her.

She was the wife of the late Charles W. Butler; sister of Trixie J. Beeson; aunt of the late Thomas Jefferson Beeson jr.

Mrs. Butler, who was born in Germany, lived in Daly City for 26 years.

Final rites were held from the mortuary of W. C. Lasswell and company, at 1:30 p. m., Monday, September 29. Interment followed at Cypress Lawn Memorial park.

Girl Scout Association Held First Meeting Of Fall Season

The first fall meeting of the Girl Scout association was held Thursday, September 25, at 101 Parkview avenue. Mrs. Stella Jensen, president, was in charge.

The evening's agenda included introduction of those present, report from Mrs. Helen Gould, executive director; reports of each chairman of the Board of Directors and introduction of new officers including Mrs. Dorothy Kramer, president; Mrs. Thelma Hamilton, recording secretary.

After the business meeting was adjourned refreshments were served by Mrs. Anne Ingersoll.

Public Invited To Pershing P.T.A. Dance Sat. Night

Folk, square and round dancing are in store for anyone attending the dance sponsored by General Pershing PTA Saturday night, October 4, starting at 8 p. m. at 335 Bellevue avenue.

In charge for the evening will be Mrs. Jack Caine and Mrs. V. M. Faragher.

The public is cordially invited to attend.

WEDDING BELLS RING ON OCT. 4TH

Wedding bells will ring at 6 o'clock at the Ebenezer-Lutheran church, Dolores at 15th, on Saturday evening, October 4, when Miss Beatrice Bordson, daughter of Mr. and Mrs. Pete Bordson, 614 Templeton avenue, will meet Tom Thimis jr., son of Mr. and Mrs. Tom Thimis sr., at the altar.

A reception will be held at the IASC hall on Russia avenue starting at 8 o'clock.

Sewing Session Of Crocker P.T.A. To Be held October 8

The next sewing of Crocker PTA is scheduled at the home of Mrs. Mary Wakefield, 475 Evergreen, on Wednesday, October 8.

At the last luncheon for the sewing group recently held at the home of Mrs. Florence Schmidt an executive board meeting was held at which time President Frances Haussler reminded members of the change in dates for the Fathers' Night program to be held at the high school. The definite date and time selected is October 21 at 7:30 p. m.

Plans were also completed at the time to have a life membership whist with Mrs. Ann Eason in charge.

Returns From Honolulu Vacation

William Martinelli of San Pedro road, Colma, has just returned from a month's vacation in Honolulu. Mr. Martinelli spent his vacation with his nephew, Ed Martinelli jr., and his wife, the former Wilma Cassasa.

Ed Martinelli is serving in the navy and stationed at Barbers Point.

Elks Lodge To Initiate Forty New Members

Over forty candidates will be initiated into San Francisco lodge, Benevolent and Protective Order of Elks, this Friday evening, October 3, in a brilliant ceremonial, at the Elk's Club, 456 Post street. A stag dinner party will open the evening's program, to be followed by the lodge session and ritualistic exercises, with Exalted Ruler George Baader heading the conferring officers. A buffet supper will conclude the evining's activities.

A special train will convey San Francisco Elks and their wives and friends to and from San Diego, for the 1947 annual state convention of the B.P.O.E., in that city October 7 to 11, inclusive. Lodge Secretary Arthur J. Mangin is in charge of reservations on the tour.

One thousand San Francisco Elks will take part in the traditional annual Italian Night stag dinner party and show, in the Elks dining-hall and clubrooms, 456 Post street, Saturday evening, October 4. Clarence Matei is arrangements chairman for the Italian-American Night festivities.

Visalia Founded

Visalia, Tulare county, was founded in 1853 on the site of an ancient Indian settlement, according to the National Automobile Club. Remains of the Indian settlement may be seen at Kaweah Caves, Woodlake, and Dillon's Point.

Soupfin Sharks Are Fine Source For Vitamin A

Vitamin A improved the eyesight of Uncle Sam's wartime pilots, but it didn't do the soupfin sharks of California any good.

The soupfin shark, with its oil-laden liver was the prime—albeit reluctant — producer of the high potency Vitamin A required by the United States and Allied Nations during the war.

Adult male soupfin sharks, who sacrificed their livers in humanity's cause, were relentlessly pursued because each of them was worth from $40 to $50 apiece. Immature sharks also were taken indiscriminately because of wartime needs and pressures. So vigorous was the quest for shark that the fisheries were threatened.

Studies by the Bureau of Marine Fisheries, California Division of Fish and Game, revealed that immature sharks do not contain enough vitamin-laden oil to warrant their capture.

The nurseries and pupping grounds of the soupfin shark are located in shallow water along the California Coast.

Anglers can distinguish soupfin sharks from other sharks likely to be caught in California waters, by the shape and placement of the two shamm fins in front of their tail. In soupfins, these two fins are about the same height and are located almost exactly opposite each other. In side view, a line drawn along the front and back margins of these fins would intercept to form an almost perfect diamond.

U. C. Man Suggests New Cancer Approach

The application of principles used in the treatment of infectious diseases to the control of cancer is suggested as a possibility by Dr. David M. Greenberg, professor of biochemistry in the University of California Medical School.

In the journal, Science, Dr. Greenberg and Mr. Martin Shulman point out that in bacterial infections it has been well established that certain compounds, such as the sulfa drugs, do their job by interfering with the synthesis in the body of compounds essential to the growth and multiplication of the offending bacteria. This property is known as metabolite antagonism.

This is the principle Dr. Greenberg suggested may be applied to cancer. He explained that cancer tissue is built up by the same basic process as normal tissue: the synthesis by enzymes of amino acids to form proteins. The cancer formation, of course, is an abnormal formation of proteins.

About 10 of the twenty-odd amino acids are essential to the formation of both normal and cancer tissue, in that the tissues of the body can not directly synthesize them and must obtain them from the diet.

Dr. Greenberg suggests that it may be possible to starve the body of the essential 10 amino acids, giving it at the same time an overdose of chemically similar antagonistic compounds. The protein-synthesizing enzymes, not knowing the difference between the amino acids and the foreign antagonists, would attempt to synthesize the latter. This would interfere with the further formation of cancer tissue.

Noise in Universals

"Noise under the floor when the car is coasting with the clutch disengaged may be a clue to wear in the universal joints," states L. G. Evans, general service manager for National Automobile Club.

Motor Vehicle Scrapping

Only 920,000 motor vehicles were scrapped yearly in the United States from 1942 through 1946, declares the National Automobile Club. Before the war 2,350,000 were scrapped each year.

Walking Along Highway

"If you have to walk along the highway be sure that you walk on the left side," advises Bert Stewart jr., public safety director for National Automobile Club. "There is much less chance of your being injured or killed if you walk facing the traffic."

Ignition System

Distributor points and ignition timing should be checked about twice a year in order to keep the car's ignition system in good condition. Motorists who do a great deal of driving should have this checking done at more frequent intervals.

Paper Rugs
One of the possibilities of the future is the use of paper rugs. The secret, of course, is a flexible plastic. Gay colors, durability, waterproofness, stay-putness, and ease of cleaning are mentioned as other advantages. The material may have other uses, including coverings for furniture.

News Column For The Vets

California schools and colleges are enrolling a record number of veteran students under the G.I. Bill this month. The number is expected to reach 158,000.

A Veterans Administration survey recently compiled the 10 questions most frequently asked by World War II veterans about education under the G.I. Bill. The questions and answers are:

Question: How is the length of entitlement calculated and does a year of entitlement mean a school year or a calendar year?

Answer: Under the G.I. Bill, any eligible veteran is entitled to education or job-training for a period of one calendar year, plus the time he spent in the armed forces between September 16, 1940 and the official end of the war. The total period of education or training may not exceed four calendar years.

Question: What schools may a veteran attend under the G.I. Bill?

Answer: A veteran may enroll in any approved school that will accept him.

Question: What books and equipment does VA supply the veteran in school?

Answer: VA pays for all books and equipment that the school requires of all students in the same course so long as this amount plus tuition does not exceed $500 a year for the course.

Question: How much subsistence is paid and how soon may the veteran expect to receive benefits after he is enrolled?

Answer: VA may pay eligible veterans without dependents a subsistence allowance of $65 a month and veterans with one or more dependents, $90 a month. The lengths of time required to issue the first subsistence check varies with each case. Generally, the first check is issued within 30 days after the end of the first monthly pay period. Subsistence allowances in arrears are paid, but none is paid in advance.

Question: May the veteran change his course if he finds the original course in which he enrolled is not satisfactory?

Answer: Yes, providing he has VA's permission to do so. Whenever the facts in the case indicate that a change will be to the best interest of the veteran, VA will grant authorization for the change.

Question: May a veteran enroll in a night school or a part-time course?

Answer: Yes.

Question: May a veteran receive VA subsistence payments if he works while attending school under the G.I. Bill?

Answer: He may work part-time or full-time and still draw his full allowance, provided that the wages he earns for such employment, plus his subsistence allowance while attending school, does not total more than $175 a month if he has no dependents or $200 a month if he has one or more dependents. His VA subsistence allowance is reduced proportionately when the total exceeds the foregoing statutory limits.

Question: What happens if the veteran's marks are low or his progress is unsatisfactory?

Answer: He may receive the assistance of VA's educational and guidance service in an endeavor to correct these factors which may be contributing to his deficiency. But he is obliged to meet the requirements of the school if he wishes to continue his course.

Question: May the veteran take part of his training in one school and part in another?

Answer: VA may permit a veteran to take more than one course of study at the same time, either in the same or in a different school, provided that the course in the second school is not offered by the first school in which tthe veteran is enrolled and the latter school will certify that the second course is essential to the successful completion of the veteran's training objective.

GRAND BALL THIS SATURDAY

San Francisco will be the host city to the annual grand ball of the St. Patrick's Alliance, Oakland chapter, Saturday evening, October 4, in the Knights of the Red Branch auditorium, Mission and Seventh streets. Composed of Californians of all races and creeds, the St. Patrick's Alliance in Oakland has for the past fifty years taken the lead in patriotic projects and support of all-out independence for Ireland.

Arrangements for the October 4 grand ball festivities are in charge of Michael Lydon and officers of the Oakland chapter. The honorary reception committee is headed by Jerimiah J. Mulvihill, national director of the Ancient Order of Hibernians, George R. Reilly, national organizer of the A.O.H., Thomas F. Gilligan, president A.O.H. division and junior past president United Irish Societies, Mrs. Mollie Owens Callanan, newly-elected president of the United Irish Societies and others.

Scientist Combats Mountain Sickness

The mountain sickness which afflicts dwellers at sea level when they go to extremely high altitudes can be counteracted by administration of the dye, methylene blue.

This is reported by Dr. Matilda M. Brooks, research associate in biology at the University of California, who has just returned from Peru, where she experimented in the Andes with the dye with human subjects.

Dr. Brooks said that of a group of student volunteers from the San Marcos University Medical School, in Lima, 50 per cent were afflicted at 15,000 feet with mountain sickness, a nausea which the natives call soroche.

The dye, administered in a capsule, was found not only to counteract the illness, but to prevent it if taken prior to ascent to high altitude. The illness is not found among natives who are born high in the Andes.

Dr. Brooks suggested that the method might be useful in aviation, but cautioned against continuous use of the dye, since its action in the body under such conditions is not fully known.

This work is a practical application of fundamental research by Dr. Brooks on oxygenation of plants and animals in the past 25 years.
